

**Larsen & Buhl**

*Shaping the future with precision*

24 / 07 / 2018

# Mission

Larsen & Buhl, your reliable,  
innovative and inspired partner in  
co-engineering and high quality  
precision and assembled products

# Vision

**Innovative and inspired to create the best  
technologically solution for your products.**

# Core Values

- State-of-the art production technology
- Quality
- Inspired, professional employees
- Sustainable cooperation
- Innovative
- Long term relationship

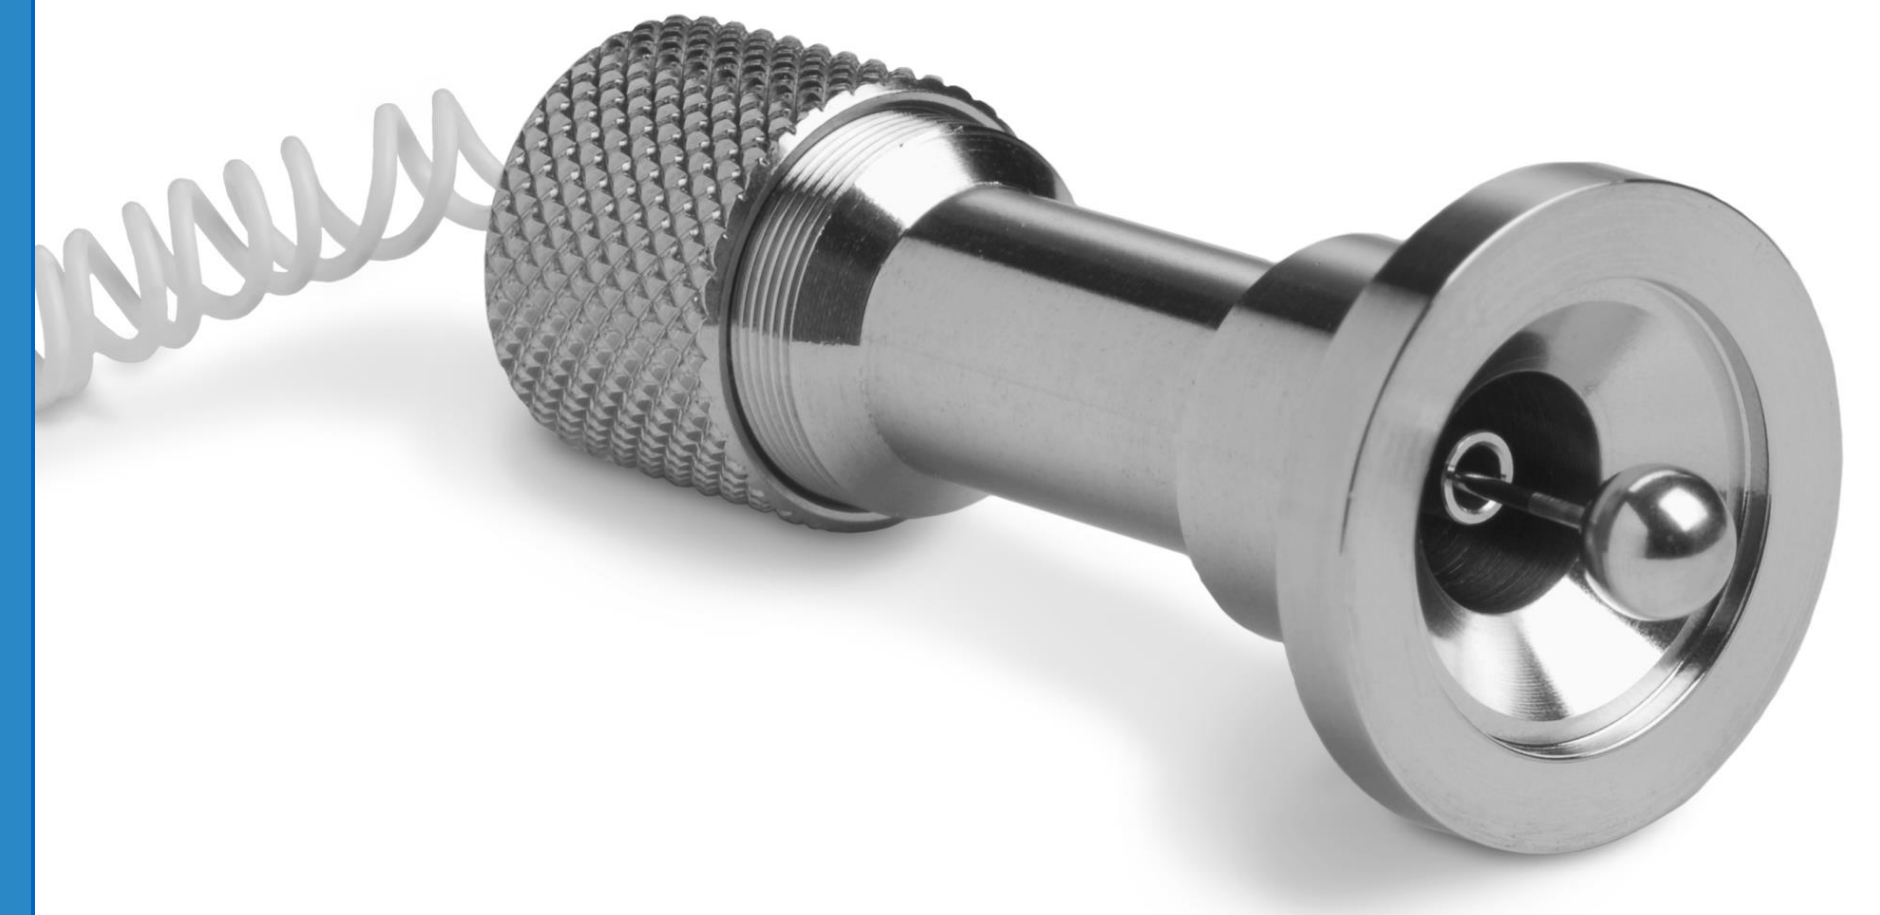

# Added value

- Certified processes according to ISO 13485:2003 • Welding
- Certified processes according to AS9100C • Wire Sparking
- Certified processes according to ISO 9001:2008 • Assembly of complex products
- Flexible production 24/7 • Ultrasonic cleaning
- Temperature controlled production facility • Cleanroom: ISO Class 7, components assembly
- Project engineering (prototyping & pilot run) • Measuring room
- CNC turning • Sheet metal work
- CNC milling (4- en 5-axis automated production) • Packaging & labelling to customer specification

# Expertises

- Medical Industry
- Aerospace
- Semiconductor industry
- Biotechnology

# State-of-the art production

# Quality Assurance

# Inspired & Professional

# Innovative

# Long term relationship with:

**ASML**

**Belgraver** aircraft interiors

**pneutec**

**HFK** *Engineering*
